

Flying Tiger RC Club Of Jordan Lake

NEW MEMBER GREETING

We are pleased you have joined our great club. We believe you will have many hours of enjoyment in this terrific hobby. Enclosed you will find your temporary membership card. This card with the yellow Trainee label verifies your AMA insurance status and identifies you as a new member. All new members are required to do the following tasks:

Go to our website at <http://wwhw.ncflyingtigers.org/documents/Fieldrules.pdf/> and print the Field Rules. It is incumbent on you to know the rules and follow them.

If you are a first time flyer, while at the website, print out the Primary Flight Training Package and bring it to the field with you. This documentation will give you all of the material you will need to have to work with an instructor and learn to fly R/C aircraft safely. Once you completed the program, you will be issued a regular membership card and given the gate combination.

All new members with past flying experience are required to be signed off as to their flight proficiency before they can be issued the regular membership card and gate combination.

The club membership card is the only card used for identifying your frequency on the club Frequency Management Board. Have it with you every time you come out to fly otherwise you will be denied the use of the field until you have your card.

If you do not have web access, please contact Glynn Furr at 467-8416. He will provide the documents you need.

Thanks again for joining and welcome to the club!
